

I am writing to ask for your support of affordable transportation for all low income Albertans, as proposed by the Fair Fares Action Team, which will present to the SPC on Education and Employment in June.

Access to affordable transportation enables people living on low income to fully participate in and contribute to their communities.

I encourage the Government of Alberta to act quickly to provide conditional grants of \$2.25 per capita to rural and urban municipalities for the purpose of low income transportation programs.

Thank you very much for your continued support of low income Albertans.
