

Canadian Stories for the Olympics

Vibrant Communities St. John's and the Department of Recreation for the City of St. John's worked with [Canada CODE \(Cultural Olympiads Digital Edition\)](#) in January to help St. John's residents contribute to a digital scrapbook and collaborative art project which has been part of the 2010 Winter Olympics. Residents attended a free workshop to create digital stories about "What it means to be a Canadian". Check out some of the stories [here](#).
